Explanation of Responses:

1. It is the Company's usual, but not invariable, practice to grant options effective on a new employee's employment commencement date. In this instance the compensation committee did not approve the reporting person's option award until April 25, 2005. The disclosure of the option grant on the reporting person's hire date (April 19, 2004) was an administrative error and is being corrected by this filing which indicates the correct grant date and price for the derivative security holdings previously reported on the reporting person's Form 3.
2. This option vests in four equal annual installments commencing on this date.
